

Please DO NOT interfere with Wisconsin's DO NOT CALL list. I do not need calls from banks or Savings and Loans about loans or whatever. I have finally stopped the places that ignored the list from calling. If I need something I will call the place of my choice. They are bomb-barding us with spam (25-30 emails a day) so I don't want calls again. The people from Wisconsin asked for the no-call list so PLEASE leave it alone!
